

Literacy

In Literacy, the children will be developing their understanding of the 'Tragedy' plot structure.

This will be achieved through studying Mary Shelley's Frankenstein. This well-known story will act as a model text that the children will use as their template when writing for different audiences and purposes across the half term, including a narrative to entertain and a set of instructions to inform.

Science Week

In the final week of Spring 2, the children will be taking part in Science Week. They will be completing their unit on Materials and will be conducting several exciting investigations into soluble materials and irreversible changes. They will then be making links to Literacy as they write up and analyse their findings.

Maths

Children will begin to calculate decimal fractions this half term, making clear links to their previous learning on decimal fractions including tenths and hundredths. They will use their decimal place-value knowledge to support their learning.

The children will also explore how measures can be converted from one unit to another using their knowledge of multiplication and division by 10, 100 and 1,000.

Year 5

Spring 2

Values

Our value for this term is Positivity.

PE

The children will be swimming every afternoon for four weeks this half term.

These sessions will cover everything from learning confidence in the water to refining known strokes. The children will be making links to our current value of Positivity in each session, and they will also strengthen their value of Resilience throughout the term.

PSHE

This half term, children will be considering what makes a happy and healthy relationship. They will take part in discussions, debates and will be able to use their value of Respect to courteously respond to their peers.

Music

The children will be using 'Charanga' music software to listen and appraise a piece of music. They will continue to develop an understanding of pitch, rhythm, texture and pulse. They will also continue to learn how to play a variety of instruments in time to music. This will include reading notation.
